

The Kia EV6.

Accessories.

Movement that inspires

Simply inspirational.

The new Kia EV6 is the fully electric car that truly lives up to its dynamically charged appearance. Our carefully crafted accessories have been created so that you have the possibility to add a touch more distinction to this inspirational car. Our tailgate trim line is the perfect example. Shown here in brushed aluminium finish it precisely follows the sweep of the sleek full-width rear light cluster. All of our accessories are engineered to the same stringent standards as the EV6, so they always complement its eye-catching design and they fit perfectly.

Go everywhere in style.

If you've chosen a Kia EV6 you clearly have a highly refined sense of style. So you'll appreciate the way our accessories create an effect that's truly positive. Which means whenever you go out, you'll never be out of style. Just take a closer look at our elegant tailgate trims and the dynamically styled range of alloy wheels on the next few pages.

Enjoy confidence in every detail.

Indulge your talent for style. It will tell you that the greatest effects can be achieved by combining a variety of different visual elements. Exterior features like decals and trims work harmoniously with each other and can be complemented by interior lighting options that will confirm your confidence in inspirational style.

LED footwell illumination. Give your cabin the red carpet treatment with this premium touch that bathes the front footwell in exquisite ambient light whenever the doors are unlocked, fading out when the engine starts. Available in stylish red and classic white.

Wheels that inspire every drive.

Every component in this exciting fully electric car contributes to its positively inspirational character. The most eye-catching of them all are our Genuine alloy wheels. All have been designed to accentuate the car's stunning design. But it doesn't stop there: they also meet the most stringent Kia manufacturing standards, ensuring the necessary load-bearing capability, as well as contributing to aerodynamic efficiency.

Making life easier. Charging too.

Everyday life can be complicated enough. So convenience and simplicity are becoming the commodities that we all are looking for. The EV6 benefits from solutions that simply make our lives much easier. From our made-to-measure ice/sunscreen to fast charging, home-charging solutions and the Mode 3 charge cable, we offer a wealth of accessories that can make your life easier.

Charging cable, Mode 3. Fast charging (AC) your new EV6 could not be easier and faster. The charging cable, Mode 3 is equipped with Type 2 plugs at both ends and can be used for the day-to-day charging at public and domestic charging points that provide Type 2 sockets. High-grade materials make this charging cable extremely resistant to severe twisting or bending and extensive weatherproofing excludes the possibility of corrosion. Secure automatic locking to both the car and the charging point is provided by the Type 2 plugs. 66632ADE023A (Type 2, Mode 3, 3-phase, 5m)

Vehicle-to-load (V2L). Get 220V of alternating current to power your devices, outside the Kia EV6. Fully charged, its vehicle-to-load feature offers 3.6kW of power, enough to run a large TV screen or a medium-sized air conditioner for 24 hours. Simply attach the V2L connector to the charging outlet. CVH68AKOU0 (EU)
