**3. Textile floor mats, standard**  
 Shield those areas of your cabin floor used most often from underfoot dirt with these protective floor mats made from hard-wearing needle felt material. Perfectly fitting your footwells, plus fixing points and anti-slip backing. The driver's mat is also reinforced with a heel pad for extra protection from wear and features a Picanto logo.

**4. All weather mats, with colour accent**  
 Whatever adventure you've been on, don't worry about wet, muddy or sandy shoes when you get back in the car. These durable and easy-to-clean floor mats protect the whole of your cabin floor. With a customized shape, Picanto logo in two different colours, and fixing points to hold them firmly in place.

5. Trunk liner  
However wet, muddy or grimy things get, this custom-made liner will protect your trunk area. It is durable, anti-slip and waterproof with raised edges. The textured anti-slip surface helps prevent loads moving around. Custom-made and designed to complement the interior of your car carrying the Picanto logo branding.

6. Trunk mat, reversible

**8. Side door mouldings**  
Extra style, extra protection: add even more sporty elegance to the sleek profile lines of your car, and protect your side bodywork from scratches and scrapes at the same time. Can be painted in your car's colour for one cohesive finish.

**9. Rear bumper protection foil, transparent**  
The more you transport, the more your rear bumper is at risk of being scuffed and scraped. This discrete transparent foil gives you an added layer to protect your paintwork from possible damage.

Enjoy peace of mind when loading and unloading frequently – knowing that the top surface of your rear bumper is reliably protected from possible scrapes and scuffs.
